[Sophie Anna Coxon](#) - Agnostic, Initiatives of Change  
[Shafii Mucallim](#) - Muslim Welfare House Mosque

---

## The practical aspects of faith; from global to local

We will hear stories from young faith leaders sharing how faith responds in global crises and how it can strengthen communities. On a personal level, youth from different faith perspectives will share how faith impacts them day to day, in light of such crises.

This event will give young people the opportunity to represent their faiths, celebrate diversity and share our common humanity. It will highlight the good work done by local inter-faith groups which enables interaction and sharing between people of different faith backgrounds.

This will be an honest conversation, undertaken in an open and listening spirit. Part of Initiatives of Change's message is that when this type of dialogue occurs between people of different backgrounds, it enables healing, partnerships and common action.

[Join us for an inspiring evening with young people to celebrate our faith diversity and commonality!](#)

## About Initiatives of Change

Initiatives of Change is a global movement of people who are changing the world for the better, starting with themselves. Initiatives of Change is active in over 60 countries, including the UK.

We inspire, equip and connect people to address world needs. Our work focuses on three areas: Sustainable Living; Ethical Leadership and Trust building through honest conversations.
